Subject: Approval of offline roll number pattern for Inter-IIT Tech Meet 15.0

Respected Ma'am,

The Inter-IIT Tech Meet 15.0 is scheduled to take place from 11th to 14th December 2026 at IIT Guwahati. In order to facilitate the participation of students, the organisers have requested a document confirming the offline roll number pattern, in the format detailed in **Annexure I**.

I request your approval for this format in order to continue with the Inter-IIT Tech Meet 15.0 registration process.

Submitted for kind consideration.

Annexure I

Offline Roll Number Pattern at IIT Jodhpur

At IIT Jodhpur, each student is assigned a unique roll number that provides key information about their academic programme and department. The roll number consists of four parts, as described below:

B	24	ME	1072
1	2	3	4

1. Programme Type:

The first character of the roll number signifies the type of academic programme the student is enrolled in:

- **B:** Bachelor's Programme
- **M:** Master's Programme
- **P:** Ph.D. Programme

For example, a roll number beginning with "B" indicates that the student is pursuing a Bachelor's degree, while "M" denotes a Master's student and "P" denotes a Ph.D. student.

2. Year of Enrolment:

The second part of the roll number is a two-digit code that represents the year in which the student commenced their degree. These are the last two digits of the corresponding year.

For example, a roll number with its second part as "24" indicates that the student enrolled in the year 2024.

3. Department Code:

The third part of the roll number identifies the department the student belongs to. Below is a list of department codes and their corresponding disciplines:

- **CS:** Computer Science and Engineering
- **AI:** AI and Data Science (CSE Department)
- **EE:** Electrical Engineering
- **EC:** Electronics Engineering
- **ME:** Mechanical Engineering
- **CH:** Chemical Engineering
- **CI:** Civil Engineering
- **MT:** Materials and Metallurgy
- **BB:** Bioengineering and Biotechnology
- **MA:** Mathematics
- **PH:** Physics
- **CY:** Chemistry

4. Unique Identifier:

The final part of the roll number is a **system-generated numeric code** assigned to each student.

- For students enrolled before 2023, this identifier is a **3-digit number** starting with **001**.
- For students enrolled in 2023 and onwards, this identifier is a **4-digit number** starting with **1001**.

For example:

- A student enrolled in 2022 with roll number "B22ME072" has a 3-digit unique identifier (072).
- A student enrolled in 2024 with roll number "B24ME1072" has a 4-digit unique identifier (1072).

IIT Jodhpur also accommodates students pursuing their degree in the online mode. However, as a part of the Inter-IIT Tech Meet 15.0, only students pursuing their degrees in the offline mode will be part of the final contingent that will visit IIT Guwahati.
